We have an EV charging point. Please visit Reception to find out more. Please do not charge your car on your pitch or from your holiday accommodation. Park staff will check to see if cars are being charged when they are doing their regular checks and you will be asked to pay for the electricity used.

### **Forest Walks**

Leaflets are available from Reception or Tourist Information.

### **Fire Safety**

You must set up in the centre of your pitch to ensure safe spacing between units. If you are unsure please ask a member of park staff.

### **Recycling and rubbish**

See the park map for locations.

Most of our waste is sorted off-site.

**No glass, paper or cardboard in the waste bins** – there are separate bins for these.

Batteries can be recycled in the shop.

### **Visitors are welcome**

Please book any visitors in at Reception and arrange for car parking off your pitch. Swimming sessions may not be available to visitors at busy times.

Camp fires are not permitted anywhere on the park. Fire pits and barbecues are permitted as long as they are at least 20cm off the ground and used with care. Bricks and blocks to use with disposable barbecues can be found near waste bins.

### **Seasonal pitches and storage**

We currently have long waiting lists for these but please enquire at Reception if you would like your name added to one or other of the lists.

### **Holiday caravan sales**
