

Route Details

Name: Walk to Broadhembury

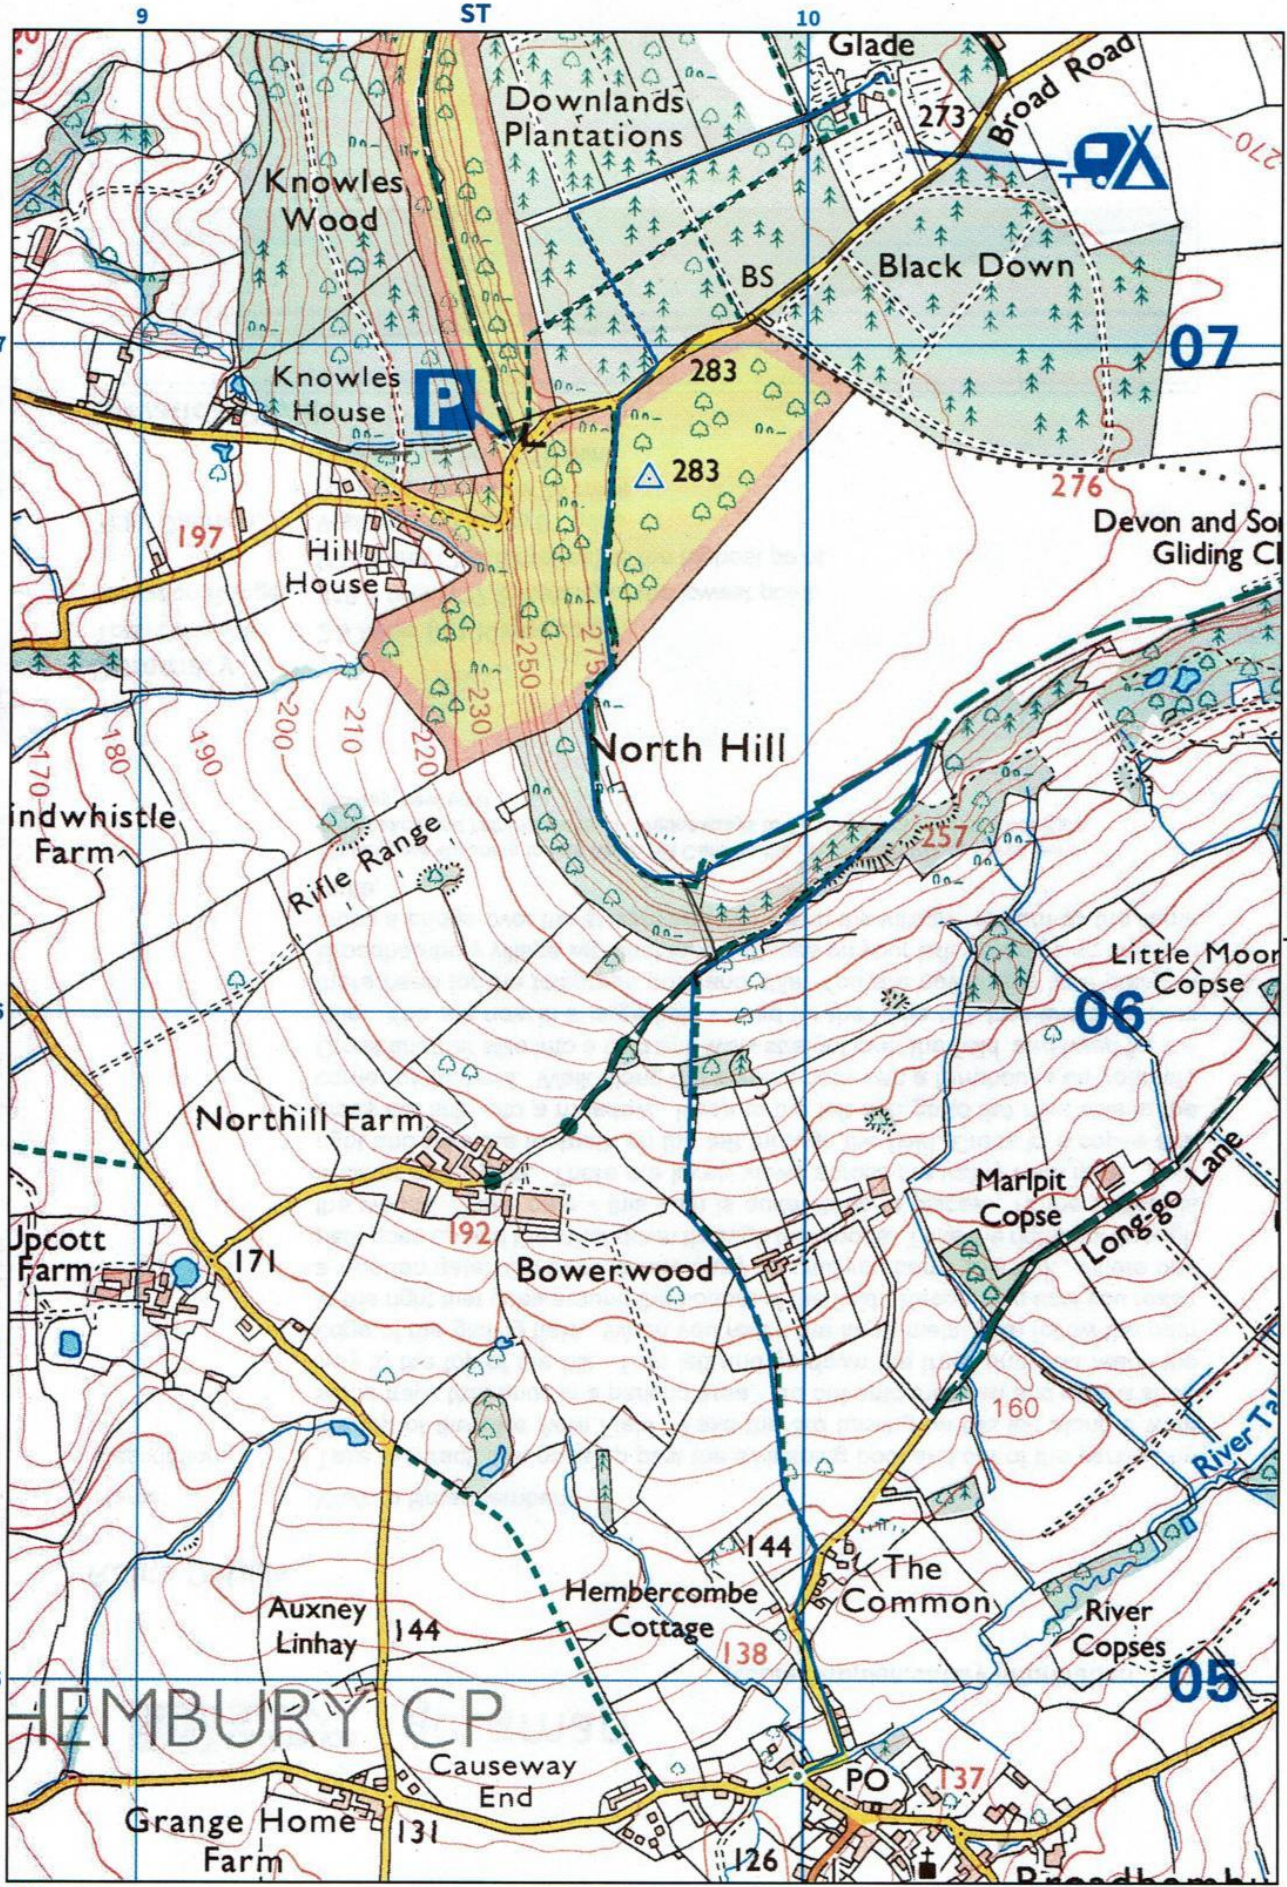

Description: Take the track that goes up past the swimming pool and out of the park along the top of the Five Acre Field. Take the 3rd turning on the left along a wide stone track that ends in a parking area. Go out onto the road and walk a short way to the top of the hill. Turn left and go down the track until you reach the edge of the gliding field. When you reach the large metal gate follow the path to the right that goes around the bottom of the field. Keep going until you reach a wooden gate. Go through and carry on until you come to a fork, where one path goes up and the other down through the woods. Take the right fork through the woods. Take care - this path is quite steep in places. At the bottom is another metal gate. There are lovely views across the valley from here. Turn right and take the footpath on the left through the field. Cross to a copse and cross the stile into a meadow. Keep to the left and go to the next stile in the corner of the field. Walk along the sunken path with a farmhouse on your left. Cross another stile into a field and walk straight over the field and head for the stile. You are now in a large field - head for the large oak tree and then from there head for the telegraph pole and stile. You are now in the lane going to Broadhembury village with thatched cottages on your left. Keep going until you cross a bridge over the stream and you are in the village. Return by the same route.
